

# D-09 PROMISE AREAS

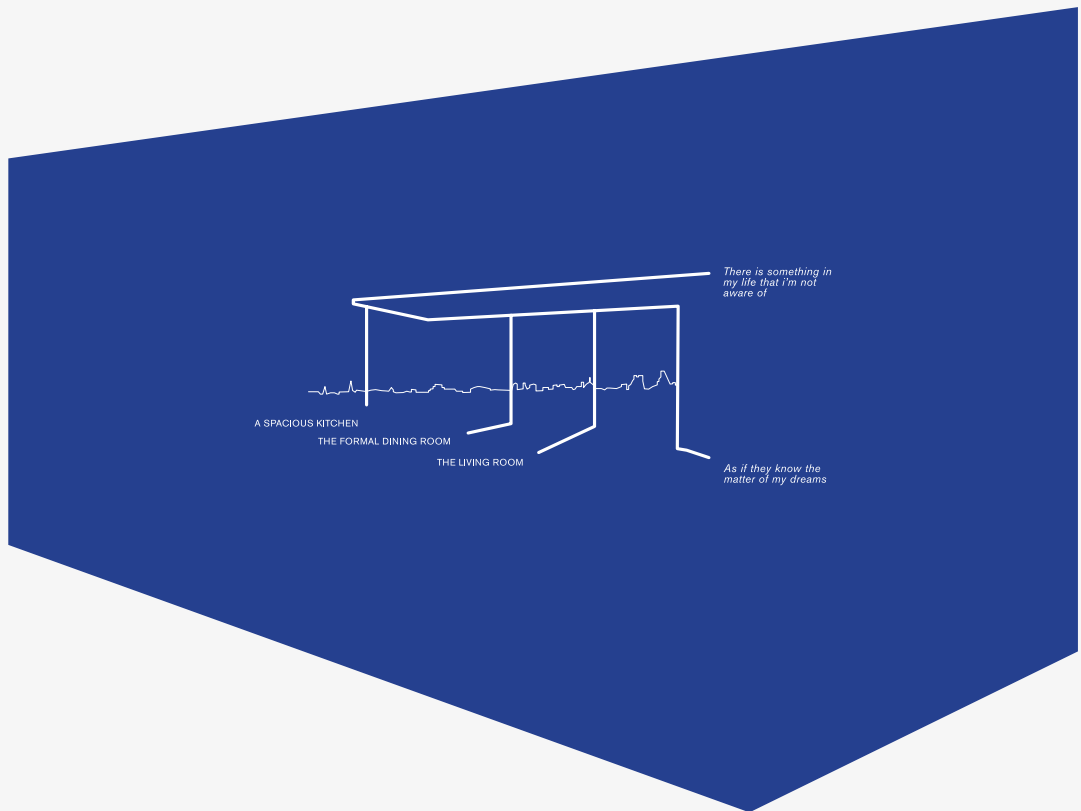

MFG PALTRINIERI - MIRKO SMERDEL

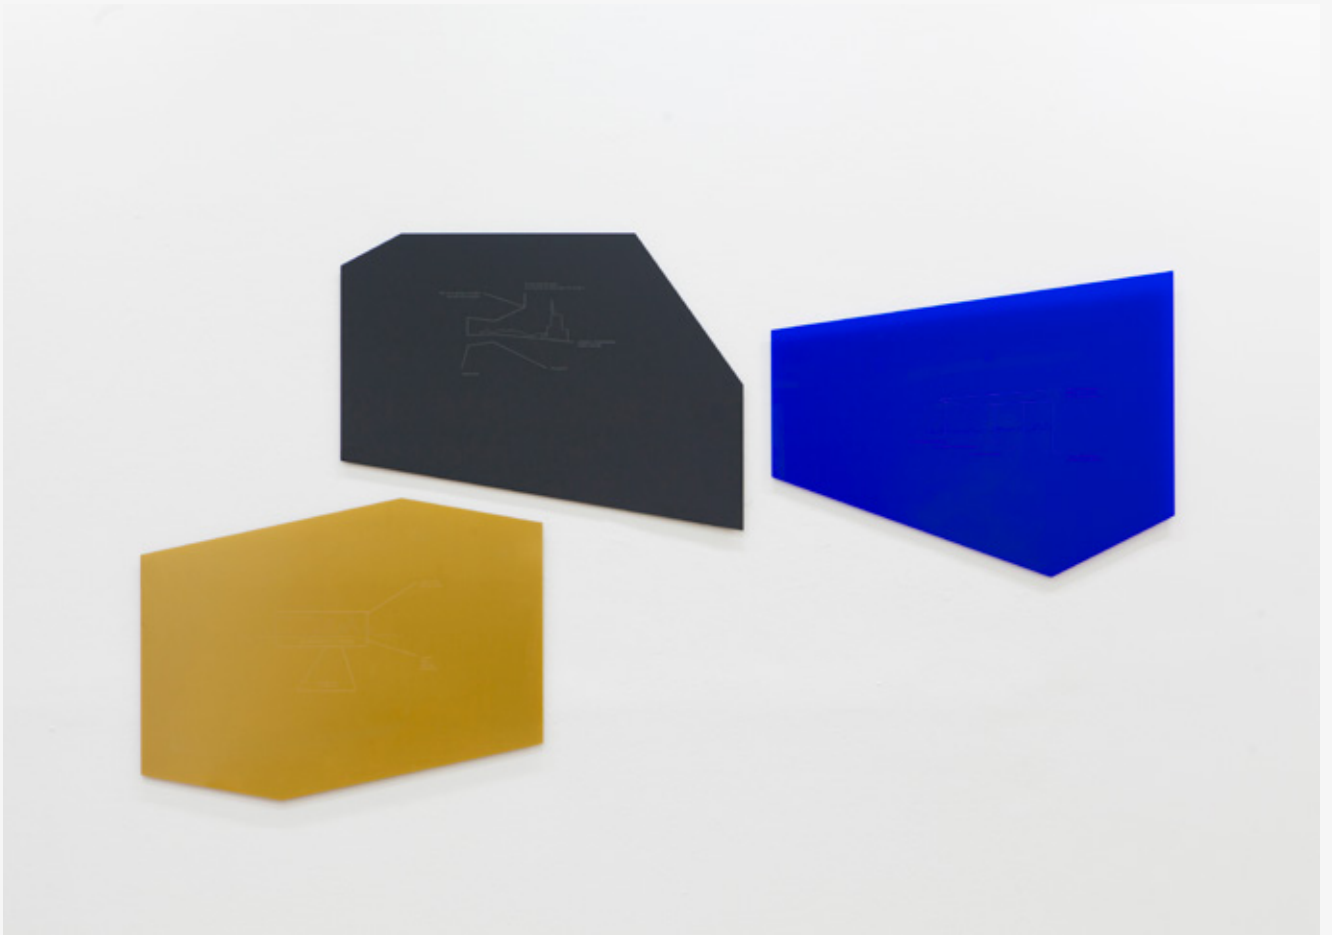

In *Promise Areas* interior renderings of luxury flats under construction become imaginary projections of the thoughts of their future occupants.

*Promise Areas* presents enigmatic psychological spaces, areas of inner tension among human needs, desire and the ostentation that the original renders seem to invoke.

Selected from world's global cities such as London, New York, Paris, Dubai, Los Angeles and Milano, the renderings are transformed into diagrams in which texts taken from estate agents' websites interact with original texts written by Discipula.

Installation views: engraved acrylic, 100 x 76 cm each
