

D-09 PROMISE AREAS

MFG PALTRINIERI - MIRKO SMERDEL

In *Promise Areas* interior renderings of luxury flats under construction become imaginary projections of the thoughts of their future occupiers.

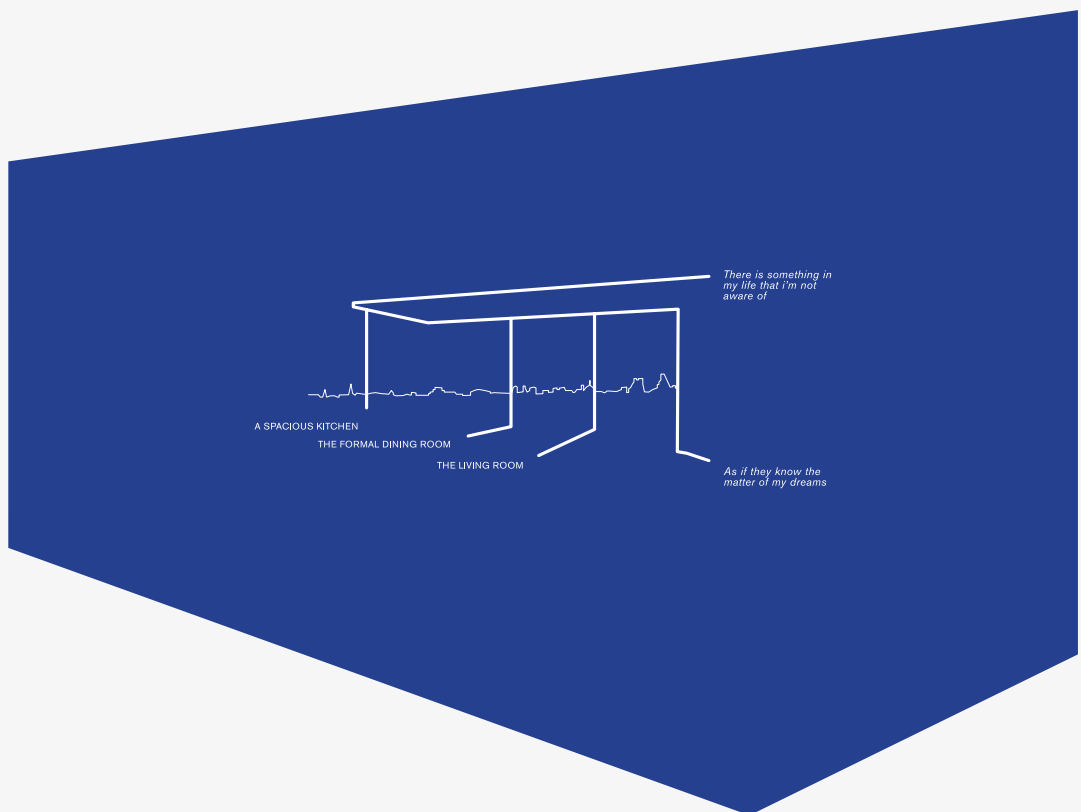

Selected from world's global cities such as London, New York, Paris, Dubai, Los Angeles and Milano, the renderings are transformed into diagrams in which texts taken

from estate agents' websites interact with original texts written by Discipula.

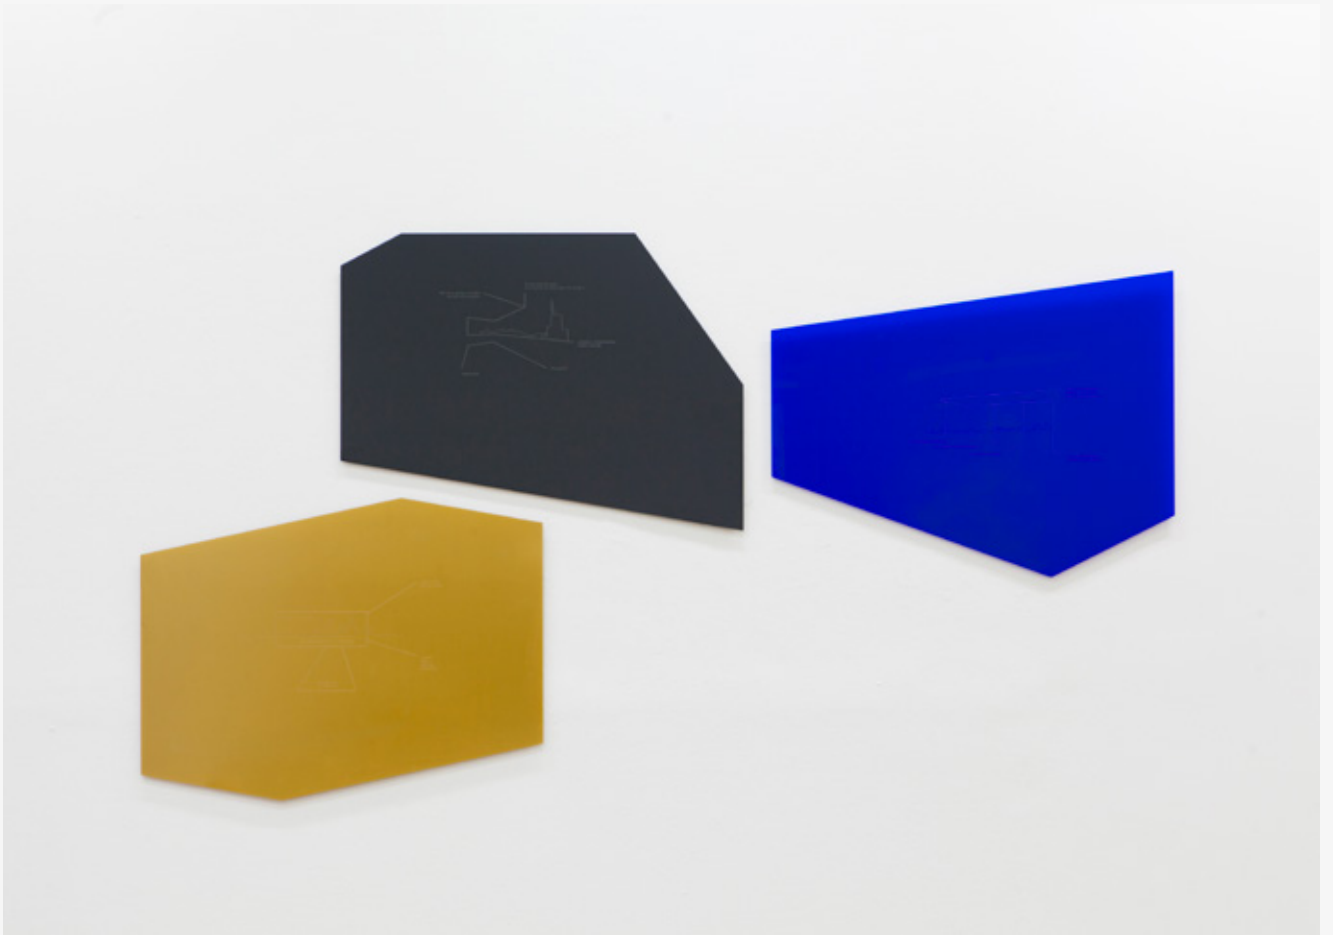

Promise Areas presents enigmatic psychological spaces, areas of inner tension among human needs, desire and the ostentation that the original renders seem to invoke.

Found rendering for a luxury real estate in London

Digital drawing for the city of London

Installation views: engraved acrylic, 100 x 70 cm each
